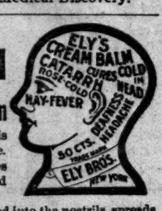
MEDICINAL.

Do you remember the little things that gave us so much pleasure when we were young? With what zest did we sit down to the table after our play was over and eat the mush and milk our mother put before us. But as we get older it takes more to give us pleasure. Mush and milk no longer tastes good to us, and our digestion may be impaired. The best advice we can give to such a person is to tone up the stomach with Dr. Pierce's Golden Medical Discovery. It is nature's most valuable and health-giving agent—made without the use of alcohol. It contains roots, herbs and barks, and is the concentration of nature's vitality as found in the fields and woods. This remedy has a history which speaks well for it because it was given to the public by Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., nearly forty years ago, and has since been sold by druggists in ever increasing quantities. Some medicines, tonics or compounds, enjoy a large sale for a few years, then disappear from the public attention, but Dr. Pierce's Golden Medical Discovery has proved such a reliable blood remedy and tonic that it often enjoys the confidence of several generations in a family, and its increased sales year by year coming from the recommendations of those who have tried it, prove its lasting merit, so that every bottle bears the stamp of public approval. Every other blood-maker and tonic for the stomach that we know of contains alcohol, but Dr. Pierce guarantees that no alcohol is contained in his "Medical Discovery."

Nasal CATARRH

In all its stages.

Ely's Cream Balm



cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents.

ELY BROTHERS, 56 Warren Street, New York

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The Missing Baltimore Dentist.

The Baltimore police are drawing the lines about Dr. Edward Brisbane Dawson, the fugitive dentist, who was indicted Monday for felonious assault upon four inmates of the Kelso Home, in Forest Park. It is thought that the young man is in New York and every steamboat wharf and railroad depot has been watched since Monday noon. A letter was received in Baltimore Tuesday evening, which was mailed from New York late Monday night by Dawson. It was turned over to the police at headquarters yesterday, and, with this valuable clue, the detectives expect to draw the net closer about the young man.

Dawson wrote the letter to his brother-in-law, Mr. Herbert Green, of Forest Park, but he did not direct the letter to that gentlemen. Instead, he placed the epistle in an envelope, which he addressed to a man who was once very friendly, with the request that it be delivered. The fugitive stated in the letter that he was innocent of the charges upon which he was indicted, and says that he remains away from the city because he feels keenly the shock of such charges, and that he waiting for the feeling against him to tone down. He assured his brother-in-law and wife that everything would blow over within a couple of weeks and that he would return to his home.

Head-on Collision.

A head-on collision between two trains of the Danville and Western Division of the Southern Railway occurred yesterday morning two miles beyond Stokesland, and as a result O. G. Minter, of Stockton, and Sam Staples, a colored brakeman, were killed and a number of other railway employes were injured and the engines of both trains were almost completely demolished. Both trains were running at full speed and neither engineer was expecting the other. The accident was probably caused by some misunderstanding of orders, as the crews on both trains claim to have been running on time. Staples, the colored brakeman on the extra freight, was instantly killed. He was caught between the boiler and the engine and met death by being crushed. Staples is from Stuart. Minter, a former member of the Danville Fire Department, who was firing on the freight, was seriously injured and died later at a hospital in Danville. Richard Hairston, the colored fireman on the passenger train, was crushed about his head, and his injuries may prove fatal. He is also bruised about the body. Charles Hundley, of Danville, a brakeman on the freight; J. L. Boyd, of Stuart, and the engineer on the passenger train and Conductor Ware received injuries from which they will recover.

Russian Socialistic Manifesto.

The French socialist leader, M. Jaures, yesterday made public the text of a manifesto of the revolutionary, socialist and other opposition parties in Russia, which he says, was issued simultaneously throughout Europe. The manifesto is signed by representatives of the various revolutionary and socialist parties of the empire, particularly in European, Russia, Poland and Finland, who recently have been holding secret meetings. The manifesto leaves the individual parties free to pursue their own methods of opposition to the government, but pledges the union of all the elements of the opposition to secure "the abolition of autocracy and the substitution of a democratic system based upon universal suffrage, the revocation of the measure destructive of the constitution of Finland and the suppression of the violence of the central government against various sections of the empire." The manifesto closes as follows: "The parties represented herewith unite their efforts for the purpose of hastening the inevitable fall of absolutism." M. Jaures says that the uniting of the opposition parties is part of the movement for the adoption of a democratic institution in Russia, which, he declares will be the most important historical achievement since the French Revolution.

RECTOR OF ST. LUKE'S,

Ashburnham, Ontario, Testifies to the Good Qualities of Chamberlain's Cough Remedy.

Ashburnham, Ont., April 18, 1903—I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your Cough Remedy. I at once procured a sample bottle, and took about three doses of the medicine. To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter Day. I know that this rapid and effective cure was due to your Cough Remedy. I make this testimonial without solicitation, being thankful to have found such a Godsend remedy. Respectfully yours,

E. A. LANGFELDT, M. A.,
Rector of St. Luke's Church.

To Chamberlain Medicine Co. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered. For Liver, Kidney, Stomach and Bowel trouble Electric Bitters is the only medicine. Only 50c. It's guaranteed by E. S. Leadbeater & Sons, druggists.

Beware of Counterfeits.

"DeWitt's is the only genuine Witch Hazel Salve," writes J. L. Tucker, of Centre, Ala. "I have used it in my family for Piles, Cuts and Burns for years and can recommend it as be the best Salve on the market. Every family should keep it, as it is an invaluable household remedy, and should always be kept on hand for immediate use." Mrs. Samuel Gage, of North Bush, N. Y., says: "I had a fever sore on my ankle for twelve years that the doctors could not cure. All salves and blood remedies proved worthless, I could not walk for two years. Finally I was persuaded to try DeWitt's Witch Hazel Salve, which has completely cured me. It is a wonderful relief." DeWitt's Witch Hazel Salve cures without leaving a scar. Sold by all druggists.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, DEC. 2, 1904

As was stated in yesterday's Gazette, President Roosevelt announced to a delegation of Southern Congressmen that he intended to designate the grandson of the late Gen. Stonewall Jackson for appointment to the Military Academy at West Point. When the President was informed that the young man was a grandson of the famous Southern general, Stonewall Jackson, and also one of the brightest students at the Georgia Military Academy, College Park, Ga., he said:

It has been the practice to give this class of appointments to the sons of army officers only, but I am going to make an exception in this case. If I can place the name of Stonewall Jackson in the army register I am going to do it.

At the same time the President took occasion to state that he proposed to give two West Point appointments to Georgia. The other, he said, would be given to the son of Harry Stillwell Edwards, the present postmaster at Macon. There never has been any good reason for restricting appointments to West Point to sons of army officers, and the President is merely acting in a fair and honest spirit when he announces his intention of recognizing youths whose sires were not soldiers. Nor is he doing any more than right and proper when he occasionally turns his eyes toward the southern country and selects youths for the military and naval academies. This section has paid many millions of dollars in taxes since 1865 toward raising the large amounts necessary for pensions which go to other parts of the country, and why should not opportunities be afforded young men south of Mason and Dixon's line to develop military or naval genius whether they are sons of army officers or not?

THE JAPANESE have dealt the Russians another effective blow by capturing 203 Meter Hill, one of the keys to Port Arthur. Charge followed charge before the Mikado's forces reached the summit, and fifteen thousand men are said to have been killed and wounded in the two armies. It is generally believed in St. Petersburg that this disaster to Russian arms marks the beginning of the end of the siege of Port Arthur, as the hill now in possession of the Japanese commands the harbor and when guns shall have been mounted the Russian fleet will be menaced.

A DISPATCH from Berlin says Emperor Wililam did some remarkable shooting at Alawenitz, Silesia, on Wednesday. From daylight to 4 o'clock in the afternoon he brought down 310 pheasants, fifteen other birds and two hares. The guns of the party bagged 3,125 heads of game. The Emperor and his party shot 10,042 birds in two days last week on the estate of Count von Tiele-Winckler, which were sent to market in Berlin. The birds must have been "hived" and fired into with gatling guns. But this is not sport; it is a slaughter of game.

CHARLES M. SCHWAB, former head of the steel trust, has announced his intention of making the Bethlemem, Pa., plant the greatest ordnance factory in the world, rivaling the great Krupp Works in Germany and those of Vickers Sons and Maxim Company, of England. He says he has the plant, the men, the capital and the market—the latter being this country, which is spending hundreds of millions of money in munitions of war to keep up with the procession of world powers. And the tax payers "pay the freight."

THE Norristown, Pa., Times makes the point that President Roosevelt's pledge to give the country "a square deal" cannot be set aside because of the threats or the persuasions of the stand patters. As the President of the whole country, he is bound in conscience, so far as he is able, to carry into effect policies he deems of the greatest advantage to the whole country. The stand patters were as much opposed to Cuban reciprocity as to tariff revision, yet the President had his way at the last.

SOME of the Virginia papers are now engaged in electing a Speaker of the next House of Delegates. But the election of members will not take place for almost a year yet, and probably some of the prominent candidates for Speaker will not even be elected to seats in that body. But this is an age of progress.

IT IS SAID that one of the effects of the drought in Kentucky has been a serious falling off in the milk supply. Why, this is likely to occur anywhere, for it is known that a spring or a pump is usually the best cow on the farm.

State Medical Board.

Governor Montague yesterday appointed the State medical board, names for the members of which had been recommended by the Medical Society of Virginia. The gentlemen thus recommended and appointed are: Drs. Rawley W. Martin, of Lynchburg; Lewis R. Harvey, of Danville; J. H. Neff, of Harrisonburg; V. S. Culpeper, of Portsmouth; W. W. Chaffin, of Pulaski City; Paulus E. Irving and Landon B. Edwards, of Richmond.

Washington, D. C., Dec. 2.

President Shaffer, of the amalgamated association of iron, steel and tin-plate workers, accompanied by Representative Kennedy, of Youngstown, O., had a conference with the President this morning at which Mr. Shaffer asked the President to use his good offices in bringing about a conference between the strikers and the employers at the Carnegie Steel Company's plant at Youngstown. Mr. Shaffer complains that not only did the company cut wages but that it has steadily refused to give the men a hearing. The strike has been on since early in the summer and has entailed much suffering. The President listened attentively to the representations of Mr. Shaffer, but stated that he could not see his way clear to interfere any more than he could in the Colorado or Massachusetts strike.

Members of the Women's Army and Navy League, composed principally of wives of officers in the service, have started a counter movement in opposition to the Women's Christian Temperence Union on the subject of the abolished army canteen. At the last meeting held in this city, Mrs. Kelton, widow of the late Adjutant General Kelton, introduced resolutions pointing out that "through the misapplied zeal and a lack of appreciation and understanding as the reasons why canteens and post exchanges were originally established" three years test has proved the detrimental effect of the abolition. It is the belief of the league that Congress should be petitioned to restore the canteen at an early date. Mrs. Kelton was directed to co-operate with Mrs. George N. Sternberg, wife of the former surgeon-general, in circulating a petition among the members and another petition among prominent men and women throughout the country.

An exhibition of the Morman robes used in the temple at Salt Lake City will be made here Saturday afternoon. All the robes used have been secured and the sample ceremony will be conducted in the committee room of Senator Dubois. The ceremony will be performed before the committee in session on December 12. It is said the ceremonies are an adaptation of the Masonic ritual.

The cases of the Adams Express Co. and the American Express Co. vs. the State of Iowa were argued in the U. S. Supreme Court today. The express companies were indicted and convicted in Iowa for carrying intoxicating liquor from Missouri into Iowa, C. O. D., contrary to the laws of Iowa. The contention of the express companies is that they are interstate corporation and that Iowa has no right to prevent them from maintaining the traffic between States Attorney General Mullan in his argument justified the action of the State.

John M. Wilson, chairman of the inaugural committee, is worried over the problem of securing a a hall for the inaugural ball. If Congress cannot be persuaded to change existing law, the Pension building, in which the balls have been held for many years, will be closed against the function. "If we can't get the Pension building," said Gen. Wilson, "the only other place in sight is the old Convention Hall over the K street market. It would be pretty hard to raise even a smile in this old shack. If the ball is held there the principal feature that will appeal to the guests will be the odor of decaying meats and vegetables wafted up from the market beneath their feet."

Jerred and Stoned.

Premier Tisza met with a hostile reception on the part of the supporters of the opposition while attending a meeting of liberal electors at Gyoer, Hungary, yesterday. The sympathizers with the Minister's opponents thronged about his carriage, jerred, hooted and threw some rocks at him. They were eventually dispersed by the police and several persons were arrested. Count Tisza's supporters than rallied around him and the Premier received an ovation. In the course of a speech he declared he was unable to longer tolerate the technical obstruction which for years had clogged the wheels of Parliament. Conciliation had failed and it was necessary therefore to adopt other measures. "The nation," concluded the Premier, "will decide between us and will crush anyone attempting to deprive it of conditions indispensable to its progress and development."

Queen Alexandra's Birthday.

Queen Alexandra celebrated her sixtieth birthday yesterday at Sandringham. Flags were flying everywhere, the church bells are pealing and the usual salutes were fired at the naval and military stations at home and in the colonies. The festivities at Sandringham were of a simple character, the main feature being the entertainment of the school children of the estate, at which the Queen and her guests personally attend to the wants of the little folks. The members of the royal family and a few intimate friends make up the house party, among whom is Consuelo Yznaga, Dowager Duchess of Manchester The Queen was the recipient of an immense variety of presents, mostly curious and artistic knicknacks. Telegrams of congratulation from friends and public bodies, to which the Queen always responds personally, reached Sandringham in very large numbers during the morning.

JAPANESE SUCCESSES.

The Japanese by the capture of 203-Meter Hill at Port Arthur can now mount guns on the summit and sweep the remnants of the Russian fleet out of the harbor. The taking of this commanding position was only accomplished after long and tedious sapping operations and a final desperate charge, in which the Japanese lost heavily and the Russians left heaps of dead bodies on the hillside. Enthused by the latest victory of General Nogi at Port Arthur, thousands of recruits to the Japanese army donned their uniforms at Tokio and paraded. General Kuropatkin reports having forced the Japanese rear guard to evacuate a pass 10 miles southward of Teinkhetchen. Japanese repulsed Russian attacks at Machunnantzu Mountain and Slantziatzu Height. These movements in Manchuria indicate that both the Japanese and Russians are feeling their way for a general attack. In the recent operations Lieutenant General Thuchiya, was wounded, and General Nakamura, the leader of the specially trained body of swordsmen which charged into the Russian forts November 16, was injured in both legs.

The Russian War Office is not yet prepared to accept the report that the Japanese before Port Arthur have taken 203-meter Hill, but if it is officially confirmed the War Office admits that it will be a desperate blow for the gallant defenders of the fortress. The position commands the harbor, and if the Japanese can mount siege guns on its summit they can force out the Russian squadron or destroy it at its anchorage. Those familiar with the supporting plans of the forts think it is by no means certain that even though the Russians are forced to retire from 203-meter Hill, the Japanese can place in position heavy guns against the fire which the other forts can bring to bear on it. Still the War Office officials reluctantly agree that such a breach in the chain renders the position extremely critical, and though the garrison might be able to hold out in the Golden Hill, Tigers Tail and Liaotie forts for sometime, it may mark the beginning of the end. The War Office is convinced that with the approach of the Russian second Pacific squadron the Japanese considered that the elimination of the Port Arthur squadron as a fighting factor was absolutely vital, thus accounting for the reckless sacrifice of life in order to secure a position directly commanding the harbor.

Shot Down by Officers.

The sequel to the tragedy that cost the lives of Stephen McKinney, his father, and a hired man, on their farm near Alvarado, Texas, Tuesday came yesterday. J. M. Williams, who fired the fatal shots, barricaded himself in his home and deined the officers. He sent word to his daughter, the widowed bride of the man he had killed, that if she did not come to him he would kill her. In fear and trembling she went to the house. There she found her father armed with a rifle and in a frenzy of rage. The officers were afraid to fire into the house for fear of killing some member of Williams family, whom he held prisoners there to shield him. All night the officers watched from the McKinney home, where lay the bodies of the men killed by Williams. Finally, Williams seated himself by a window, his rifle across his knees, and, becoming drowsy, his head dropped on his brest and he slept. Assuring herself that her father was asleep, the widowed bride stole from the house and fled to the home where the husband's body lay. As soon as the posse learned Williams was alone they opened fire on him. He was not slow in returning it. Finally his shots ceased, and the sheriff entering the house, found Williams lying on the floor with a bullet through his brain.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

He was assistant cashier of the Farmers and Merchants' National Bank.

Many wonderful things happen in New Kent county, but the strangest happening of late is that a white man, Joe Beasley, who, tired of his wife traded her off a few days ago with another of his like for an accordeon, worth about seventy-five cents. Joe is now trying to get syme comfort out of the musical instrument, as he said he could get none out of his better-half. Every one believes that Joe got the best of the bargain.

Representative John Lamb, of Richmond, went to Washington yesterday to take up with the river and harbor committee the proposition to spend $175,000 or more improving the James river. Because her husband remained at his club all night and quarreled at home at 4 o'clock yesterday morning, when she took him to task for his dissipation, Bettie Evans, colored, shot him in bed, in Richmond. Norvell Evans, the husband, was a fine looking, large mulatto barber employed in a shop in Richmond, while his wife is small and black. The man was dead in bed with two bullet holes behind the ear when the police reached the scene. In the dead man's hand was a large pocketknife, and the woman declares he was about to attack her with it when she fired, but does not remember shooting but once. All the indications go to show that she shot him while he was asleep.

COURT OF APPEALS.

Only three opinions were handed down by the Court of Appeals yesterday, but one of them was of unusual interest. It was that of Spangler vs. Booze, in which the judgment of the Circuit Court of Botetourt county was reversed, Judge Harrison delivering the opinion.

A. T. Booze suspected Uriah Spangler of stealing a lot of apples, valued at $20, from him, and procured a warrant to search his house. He failed to find the apples, and Spangler sued for $3,000 for injury to his good name. The lower court sustained a demurrer to the declaration, and from that judgment an appeal was taken to the Supreme Court, which awarded a writ of error, thus bringing the cause up for review by it. The court, in its opinion yesterday, holds that the plaintiff is entitled to a trial on the merits of his case. It is, therefore, remanded to the Botetourt court.

An opinion was rendered by Judge Whittle in the case of the Norfolk and Portsmouth Belt Line Railroad Company vs. The Corporation Commission. The case is an appeal from an order of the corporation commission fixing the charge for placing cars in position to be weighed on consignees' or shippers' individual track scales, on sidings leading to plants along the line of the railroad, at 25 cents for each car so placed, whether loaded or unloaded.

The railroad company held that the fixing of such charges was a matter of private contract with which the State corporation commission had nothing to do, and that even if it did have jurisdiction the rate of compensation fixed by it is unreasonable and unjust.

The court fully sustains the commission in its rulings, going into the matter at length, and quoting numerous authorities. The opinion contains this comprehensive paragraph:

"If the power of the commission is limited merely to fixing the rate for carriage, and it is without authority so to regulate that service as to render it effective, it is obviously wholly inefficacious with respect to this large class of consignees and shippers."

In the case of John D. Langhorne vs. V. H. McGhee and others, from the Circuit Court of Bedford, Judge Buchanan rendered the opinion, affirming the judgment of the lover court, which was against the plaintiff, who sued on two negotiable notes. Mr. Laughorne, formerly of Lynchburg, is now a resident of Washington.

The proceedings yesterday were as follows.

Savage vs. Southern Railway Company. Fully argued and submitted.

Farley vs. Thalhimer. Partly argued and continued until today.

Next cases to be called:

City of Richmond vs. Gay's administratrix; Richmond Passenger and Power Co. vs. Steger, and Harrison vs. Thomas, Nos. 10, 11 and 12 on argument docket.

Situation in Zeigler.

Zeigler, Ills., Dec. 2.—Firing began at 11:10 last night in the direction of the company's pumping plant here. The searchlight was flashed and rapid fire guns responded. Soldiers were sent out. It is declared by those in authority here that an attempt was made to wreck the pumping plant, and that the non-union men of Zeigler are terrorized to such an extent that all who have money will leave the town. This, it is said, will undoubtedly be regarded by Governor Yates as justification for issuing a proclamation of martial law in Ziegler and vicinity. The first move after martial law is declared, it is understood, will be the forcible disarment by soldiers of the miners and other citizens of the township, which would necessitate the employment of at least a regiment of soldiers.

The British Minister has filed a demand for the punishment of the tribesmen who participated in the affair. About a year and a half ago Mr. Harris was ambushed and captured by tribesmen near Tangier, who handed him over to Raisuli who, it will be recalled, a short time ago kidnapped Mr. Perdicaris, an American citizen, and his step son, who is an Englishman. Ran Away to Wed Now Seeks Divorce

Divorce proceedings have just been begun in Philadelphia by Catherine Murray Spencer Baer, against George Winchester Baer, who lives in Baltimore, and moves in high society there. Mrs. Baer is a daughter of Charles Murray Spencer. Although she has lived a long time in the last year and her romance is ended, she is still only 23 years old and very pretty. It was on January 14, 1903, that Mr. and Mrs. Baer were married in Rockville, Md. They made a runaway match of it, Miss Spencer's parents and friends being strongly opposed to the marriage, because Baer did not have sufficient money to support her as they thought she should be supported.

Two months after the wedding Mrs. Baer got a letter from her husband, who had gone West suddenly, without telling her that he was going or why. Upon the receipt of the letter she went home to her parents.

Mrs. Baer made her debut in 1899. Her attorney is George H. Norris, but he declined to discuss the suit, and the papers are compounded. The charges are desertion and infidelity.

Allegheny, Pa., Dec. 2.—A race war is threatened in the high schools here. Two girls of the school have refused to study or associate with a negro classmate, and they were told this evening that they must apologize to every one in the morning or be expelled from school. Young one of the wealthy men of Allegheny, were some days ago ordered by the high school principal to pay a visit to a public school. Jean Hamilton, the only negro girl in the school, was also ordered to visit the school and look at the teaching.

She obeyed, but the Misses Young refused, saying they would not study in company with a negro girl. Miss Lang, head of the school, said last night: "Race prejudices will not be tolerated here. The Misses Young will do as I say and will promise publicly to obey or they must leave the school."

The hands and face are frozen, and the features reflect his suffering. Russo-American Treaty.

There is universal commendation in St. Petersburg of the promptness with which Russia accepted the American arbitration treaty proposal, but beyond expressions of satisfaction at the fact that it will bind the two countries closer together, the papers indulged in little comment. The only exception is the Bourse Gazette, which declares the understanding will dispel the falsehoods regarding American-Russian relations. Russia's victory in the far East, the paper contends, is just as necessary for the United States as for Russia's ally, France, and her friend, Germany. Mutual ties between France, the United States and Russia, argues the Bourse Gazette, will tend to isolate Great Britain, the real breeder of international strife, whose jingo ambitions, the paper declares, are the real menace to the peace of the world.

The London Daily Telegraph's correspondent at St. Petersburg claims to have unimpeachable evidence that Russia is reckoning on the necessity of making a lasting peace with Japan by means of an offensive and defensive alliance, which is recognised as an indispensable condition for the success of Russia's eastern policy.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequaled. A recent expression from T. J. McFarland, of Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by E. S. City School Board.

At the monthly meeting of the City School Board held last night there were present: Capt. Herbert Bryant, chairman, and Messrs. Thompson Yates, Jones, Boothe, Carne, Smoot and the Superintendent.

The annual election of officers, postponed from the last meeting, resulted in the unanimous re-election of Capt. Herbert Bryant as chairman, and Mr. Hubert Snowden as clerk, and these gentlemen returned their thanks for the extension of confidence shown them.

The adverse report of the committee on studies and discipline on the petition for a change in the evening school hours, laid over at the last meeting, was adopted.

Several bills for supplies and repairs were ordered to be paid.

A petition from the principal of Lee School for new furniture in her room, was referred to the committee on schoolhouses and furniture.

At the suggestion of the Superintendent the Christmas holidays were fixed from the closing of the schools on Friday evening, December 23, to Tuesday morning, January 3.

The Superintendent stated that he had been asked by the State Superintendent upon what basis the appropriation for schools was made by the city and that he had replied that the City Council appropriated a lump sum, which was about equal to 3 mills on the $100 of valuation, though the appropriation for last year was much more than usual. He also reported that the schools were keeping pretty well up so far as the enrollment is concerned—there being a slight increase. He stated that he had made the reduction in the number of schools of Snowden school, dropping one teacher, as had been recommended; that the schools were getting along well and that he had found it well to have made the reduction. He also stated that there had been few teachers absent during the past month, but that there was need of competent substitute teachers, especially in cases when the principal of Washington school was sick. Hereafter he thought, in such event, he would place Capt. W. H. Sweeney in the principal's room and put one of the larger boys in Capt. Sweeney's room. This plan was approved and the Superintendent was authorized to exercise his judgment in such cases.

The Superintendent also reported that Mr. Laurence Stabler, Mr. A. H. Thomson, Mr. W. J. Boothe and Dr. W. M. Smith had been re-elected by the City Council as trustees and had qualified as such

A resolution of the City Council asking to be informed as to the additional amount of money that would be required to enable the schools to continue for ten months, was referred to the committee on finance and the clerk.

Visited Saloons and Brewery.

The Lehighton, Pa., Evening Leader has the following:

Monday evening and all day Tuesday Rev. E. E. Dixon, of the local Methodist Church, and Rev. J. Cavnaugh, the one armed old soldier preacher, of White Haven, visited the several saloons and hotels in this city and Weissport, praying and singing for the hotel and saloon men. With a single exception they were courteously received by the good natured landlords of the two towns who bid them a hearty good bye in the same breath that they tendered a cherry invitation for them to call again. They also visited the Horlacher Bottling Works and were introduced to the employees, following which Rev. Mr. Cavnaugh sang a solo and offered prayer. Both gentlemen were accorded every courtesy by Manager Horlacher and foreman Heydt and here, too they were invited to call at any time. Rev. Mr Dixon is a zealous prohibition worker and so is Mr. Cavnaugh. During his stay here the latter will officiate at the revival services now in progress in the Methodist church.

Enjoyable Entertainment.

The concert under the auspices of the Convenanters, a juvenile organization of the Second Presbyterian Church, at the First Presbyterian Church, on south Fairfax street, last night, was a successful affair. A large audience was present and each number of the programme was creditably rendered. The following was the order of exercises: Piano duet, "Raduese", Misses Davis and Wilson; "Come Where the Lilies Bloom," Miss Maydwell, Mrs. Steers and Messrs. Mills and Payne; solo, selected, Mrs. Hall; reading, "Joint Owners in Spain," Mrs. Hanson; solo, selected, Mr. Payne; violin solo, Professor Yandt; solo, "Leave Me Not," Mr. Mills; reading, "Story of Patsey," Mrs. Hanson; solo "Sing Me to Sleep," Mrs. Steers; "Ti Prego O, Padre," Miss Graver, Messrs. Mills and Payne; piano duet, "Duo Dramatique," Misses Davis and Wilson.

A Correction.

The statement yesterday to the effect that a gasoline stove exploded in the Braddock House early Wednesday morning is said to have been incorrect. Mr. W. W. Simpson, the lessee of the building, says the use of gasoline is strictly forbidden in or about the premises, and that the rule is rigidly enforced. He further avers that no accident from fire in any manner has occurred in the house. The report was made by some person to one of the paid employees of the fire department who imparted the same to a police officer; hence the statement was made in the Gazette on what was supposed to be good authority.

Auction Sales Tomorrow.

Capt. R. F. Knox, auctioneer, will offer for sale at the Royal street entrance to the City Hall at noon tomorrow a lot of ground in the centre of an alley on the east side Peyton street; also certain lots of ground in the square bounded by Patrick, Montgomery and Alfred streets; also three lots in T. F. Barrett's subdivision, on Patrick street, south of Mongomery. The sales will be made for Mr. G. L. Boothe, commissioner, in pursuance of a decree of the Corporation Court in the chancery suit of the City Council of Alexandria vs. Oliver Webster, trustee, et al.

Personal

Mr. Walter J. Cox has returned from a visit to the World's Fair at S. Louis.

Mr. George P. Patterson and Miss Jennie Ayres, both of this city, were married in St. Dominic's Church in Washington yesterday by Rev. Father Stafford.

Miss Elizabeth Lee on Tuesday evening last gave a beautiful reception at her home on Duke street, in honor of Miss Hodge, of Philadelphia.

The Ladies' Euchre Club held its first meeting on Wednesday night at the residence of Mrs. Thos. W. Robinson on Washington street, Mrs. Robinson and Mrs. George Uhler being the hostesses. The prizes were won by Mrs. Louis Greene and Mrs. H. F. Robertson, Dr. Thos. Cochran and Mr. C. W. Ashby.

Mr. and Mrs. Jos. E. Schwarzmann have returned from their wedding trip and are residing at 310 south Lee street.

A letter from King George to the Fredericksburg Star says Mr. George C. Stuart, of the Theological Seminary, who has been visiting his mother at Cedar Grove, has returned. Dr. Jones, of Alexandria, who has been visiting his brother, Mr. J. Fitz Jones, at Hilton, has returned. Mr. Ansley, treasurer of the Southern Railway; Mr. Lewis Smoot, of Washington, and Mr. Albert Smoot, of Alexandria, who have been visiting Mr. W. D. Grymes at Caledon, returned to their homes on November 27 with a fine bunch of game.

Station House Items.

There was no session of the Police Court this morning in consequence of the indisposition of Justice Caton. The cases on the docket were misdemeanors which went over until tomorrow.

The officers on duty last night report the city as having been quiet.

Samuel Lumberger was arrested on an electric train this morning by Conductor Travers and turned over to Officers Beach and Young charged with expectorating in a car. He was taken to the station house where he was detained, he failing to deposit collateral for his appearance tomorrow morning.

Lieutenant Smith and Officer Young today accosted four women who were alleged to be going through the city and employing small children to sell pins and badges. They had no licenses and were conducted to Mr. C. H. Callahan, Commissioner of the Revenue. They were told that they must not dispose of articles in future without procuring licenses. The women promised to obey the mandate and in the meantime will communicate with the house they represent.

Three large mirrors recently stolen from houses in Washington were recovered today. They were found in second-hand furniture stores in this city by Lieut. Smith. The thief was arrested in Washington.

Upset Bid.

The Corporation Court was engaged today in hearing the case of McNair vs. Baker, a matter of an upset bid made by Judge J. K. M. Norton of $100 for the old Peyton's Grove property at the upper end of King street recently sold at auction. All the parties who had purchased the property in lots appeared in court either in person or by counsel and arguments pro and con were heard, after which Judge Barley set aside Judge Norton's petition to be made a party to the suit and to accept his bid and ordered a resale of the property, provided, however, Judge Norton would enter into a bond that the property if sold would bring $100 more than it did at the recent sale; otherwise the recent sale will be confirmed.

Pohick Church.

Bishop Gibson visited Pohick and Olivet churches, Fairfax county, on Sunday, November 27th, confirming six at the former church. He inspected the work of restoration of Pohick church, and seemed pleased with progress made. The concrete in the aisles will be finished shortly, and then the work of putting down the floors and pews will be begun so soon as somebody gives the money for that purpose.—[So. Churchman.

The Wizard's Cave.

This entertainment will be given at the Opera House on Friday evening, December 9th, for the benefit of the Mission of the Good Shepherd. It consists of a series of tableaux, with prologue and dialogue introduction. The libretto was written by Mrs. Oscar F. Carter, of this city, and will be given under the direction of Mrs. Carter and Mrs. M. W. O'Brien, which insures its success.

Police Commissioners.

A meeting of the Board of Police Commissions will be held tonight for the purpose of following up the action of Mayor Paff in suspending for thirty days Officers John T. Roberts and William Mayhugh for improper conduct while in the performance of their duty. Other matters in reference to recent incidents in connection with the working of the police force will, it is thought, be investigated.

Ladies' Auxiliary.

The Ladies' Auxiliary Society to Alexandria Division, No 1, A. O. H., was organized last night in St. Mary's Hall. About fifteen members were enrolled. Miss Fitzpatrick, of Washington, State President; Mr. P. J. Haltigan, editor of the National Hibernian, of Washington, and Rev. H. J. Cutler made addresses. Another meeting will be held in the near future when officers will be elected.

Corporation Court.

[Judge L. C. Barley presiding.]

McNair vs. Baker; a matter of an upset bid for the old Peyton's Grove property recently sold at public auction; resale ordered provided petitioner guaranteed that the property would bring $100 more than it sold for at the recent sale.

Coaches in France.

As regards the history of coaches in France, Henry IV. was assassinated in 1610. Soon after his death some engravings were published representing him being murdered in his carriage by Ravaillac. It is from these that we get a fair idea of the coaches.

They are simply square boxes, measuring by scale six feet in length by three and a half feet in width, on four wheels of the same diameter, without any springs or straps and seating six persons in all—namely, two with their backs to the horses, two facing them and two more, one on each side of the two "boots" at the side. Each vehicle had a roof, resting on light columns, and curtains to draw or to let down.

This agrees well with the received accounts of the incident, according to one version of which Henry rode in an open carriage, and according to another that as soon as the fatal blow was delivered by the assassin the king's attendant who rode with him in the carriage drew the curtains, and, hiding the king from public view, assured the enraged people that he was only wounded.—Notes and Queries.

Cuban Women.

The Cuban women—and the men as well—are intensely affectionate. They say much in words, often more than their hearts feel. But they are very warm hearted. Every letter that I get from girl friends of six months' acquaintance is a love letter, full of passionate expressions of endearment. The Cuban women mature quickly, and a girl of fourteen in Cuba is as mature as a girl of seventeen here. Early marriages are the rule. The Cuban women are dainty, pretty and very like the French women, with many of the French ways and ideals. They care little for forming themselves into clubs for literary culture, and woman suffrage doesn't agitate them. They are vastly more interested in being clever needlewomen, good musicians, good housekeepers, charming sweethearts, than in running the government.—Cor. Cincinnati Times-Star.

Farragut's Death.

Admiral Farragut's death was due to the selfishness of a woman. The admiral and his wife were coming from California, when a woman occupying a seat in front of them in the car opened a window. Admiral Farragut was ill, and the strong draft of wind which blew directly upon him chilled him. Mrs. Farragut asked the woman courteously if she would not kindly close the window, as it was annoying to her husband. The woman snapped out: "No, I won't close the window. I don't care if it does annoy him. I am not going to smother for him." Admiral Farragut thus caught a severe cold, which resulted in his death. A few days before the end came he said, "If I die, that woman will be held accountable."—Exchange.

Easy to Keep Afloat.

If every person knew that it is impossible to sink if one keeps his arms under water and moves his legs as if he were going upstairs, and that one may keep this motion up for hours before fatigue ends it, there would be few casualties. Such is the fact. Except where cramp renders motion impossible, the man who gets an unvoluntary ducking has small chance of drowning. He can generally keep afloat until rescuers appear. The people who drown are those who frantically wave their arms out of water and lose themself possession.—Chicago Journal.

The Castle In Chess.

The castle in chess owes its shape and name to a misunderstanding of its old Italian name, "rocco," as if it were "rocca" a castle or fortress. The word rocco, rook and roc (French) come from rohk, the old Persian name of the piece, which was in the shape of an elephant. Curiously enough, the elephant carried a little castle on his back, and the position of the piece on the board seemed suitable for a castle.

FRIDAY EVENING. DEC. 2, 1904.

Russia Not Ready.

Russia is unwilling to join the powers in a second peace conference at The Hague until her war with Japan is ended. The Russian reply to Secretary Hay's circular note to the powers of October 23 last, inviting them in the name of the President to reassemble in conference at The Hague "to complete the postponed work of the first conference," was delivered verbally to Secretary Hay yesterday by Count Cassini, the Russian ambassador. The Ambassador was requested by his government to say that Russia heartily accepted in principle the invitation to a second conference at The Hague and gladly associated herself with the American government in its effort to complete the mission of the first great assembly convened under the leadership of the Russian Emperor. The Ambassador was further requested to say that while the Russian government very sincerely cherished these views, it did not consider the moment opportune for the convening of such a conference, and it, therefore, must withhold its formal acceptance of the invitattion until the war in the far East was at an end.

Preparing for Anticipated Strike.

In view of the fact that a general strike will be inaugurated in Buenos Ayres yesterday President Quintana had long conferences with the Ministers of the Interior, War and Marine and the Chief of Police, for the purpose of adopting measures for the suppression of possible disturbances. An official statement was given out last night that the police are fully prepared to prevent any interruption of necessary public service and to protect purveyors of foodstuffs and those who are willing to work. The government also has announced that it is in possession of sufficient power to meet any emergency. Cavalry has been taken to the capital to aid in the preservation of public order and prevent interference with the railway or street car services, should it be necessary. A state of siege has not been declared, owing to the fact that so far no serious breach of the peace has occurred. The general strike movement has been planned to continue only two days, but present signs indicate its possible extension. There is complete tranquility in the city and full confidence in the government.

Driven to Desperation.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in Burns, Cuts, Wounds, Ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c at E. S. Leadbeater & Sons' drug store.

Head About to Burst From Severe Bilious Attack.

"I had a severe bilious attack and felt like my head was about to burst when I got hold of a free sample of Chamberlain's Stomach and Liver Tablets. I took a dose of them after supper and the next day felt like a new man and have been feeling happy ever since," says Mr. J. W. Smith of Juliff, Texas. For biliousness, stomach troubles and constipation these Tablets have no equal. Price 25 cents. For sale by Gibson & Timberman and W. F. Creighton & Co.

No More Suffering.

If you are troubled with indigestion get a bottle of Kodol Dyspepsia Cure and see how quickly it will cure you. Geo. A. Thomson, of Spencer, Ia., says: "Have had Dyspepsia for twenty years My case was almost hopeless. Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago and even went to Norway with hopes of getting some relief, but Kodol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it Every person suffering with indigestion or Dyspepsia should use it."
